

Make it Happen in Your Life! A Workshop for Women

Stop wishing for change in your life and start doing something by attending this powerful, hands-on workshop that will...inspire you, challenge you, equip you with practical tools, and give you the clarity you need to see your path forward.

Workshop exercises will guide and inspire you to think beyond your “shoulds” to your dreams- the things you are passionate about. The idea is to live fully, with intention and create a clear plan for HOW to do it!

Using the **NEW Launch Your Life Workbook** you will create a clear and powerful road map for the next year of your life. You will also feel more focused, more confident and empowered to achieve your dreams.

What woman couldn't love that?

Sara Clark-Williams

In 2008, Sara Clark-Williams left an unfulfilling job and started her own life coaching business, Launch Your Life, aimed at helping women achieve professional, personal and emotional success. She coaches in a direct and open manner, helping clients clarify their goals and confront the underlying reservations that are holding them back. She strongly emphasizes a practical, results-oriented approach so clients make quick, visible progress.

What Women Are Saying...

“This workshop gave me a chance to organize my thoughts about what I want and I came up with some unexpected goals! It was also helpful to hear common concerns and challenges.”

- Lisa Ruder
Sustainability Consultant to Nonprofit

“I received everything I expected from this workshop and more. Sara is warm, comfortable and inviting. She kept things moving and focused- I could have stayed all day!”

- Susan Myers
President Clear Thinking Institute

“I highly recommend coming to these workshops if you want to see things change in your life. They are very powerful. It is so neat to really sit down and think about what you want out of life, be very decisive about it and actually make a plan to achieve those goals. It's nice to connect with other ladies - they are so transparent. I feel empowered to take some steps forward.”

- MaryEllen Hale
Elementary School Teacher
